Compartilho com vocês este livro móvel para criar frases com pictogramas, com sujeito + estrutura morfosintática do verbo (apenas a terceira pessoa) + complemento, utilizando os determinantes correspondentes em cada caso. As cores que usei são as usadas pelo programa **Ensine-me a falar:**

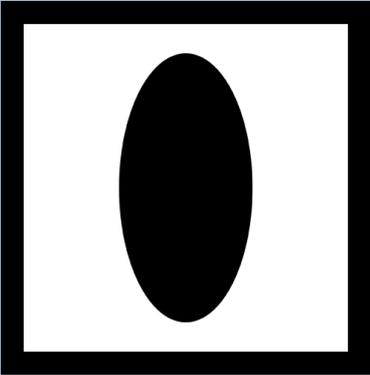

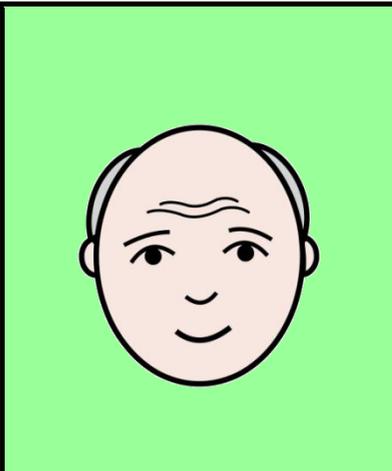

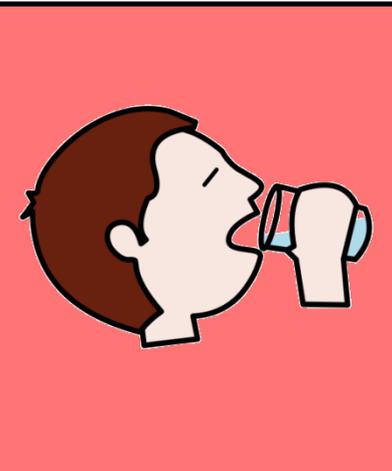

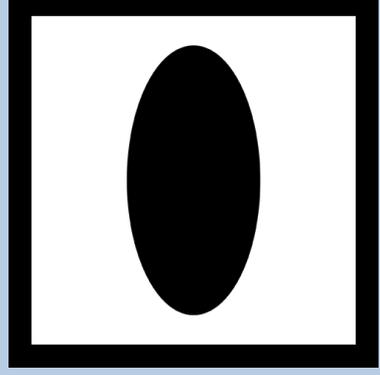

Determinantes: azul; assunto: verde; verbos: vermelho; acessórios: amarelo. Espero que seja útil para você! Aqui você pode ver como fica. Você pode adaptar o comprimento das frases usando quantos elementos quiser, vou começar apenas com o sujeito e o verbo (adicionei diferentes determinantes: artigos, possessivos e demonstrativos). A título de dica, usei um resto de plástico e coloquei no final, para que sirva de batente para ser mais fácil de usar. Espero que tenhas gostado!
