

Criação de frases e reconhecimento das suas partes.

Com estas fichas podemos trabalhar:

1. Criação de frases
2. Completar frases
3. Responder a partículas interrogativas
4. Aprender as partes de uma frase: artigos, verbos, substantivos e adjetivos
5. Ampliação de vocabulário

Apoio de cores

Cada parte da frase está identificada por uma cor. As cores escolhidas são as mesmas utilizadas na metodologia Montessori:

- celeste – artigos
- preto – substantivos
- vermelho – verbos
- azul – adjetivos

Da mesma forma, as partículas interrogativas têm a mesma cor da sua resposta. Por exemplo:

- Quem? → preto
- O que faz? → vermelho
- Como é? → azul
- O que? / Qual? → celeste ou preto, conforme a função

Exemplo:

O ELEFANTE CINZENTO DANÇA.

Quem dança? – O elefante (substantivo)

Como é o elefante? – Cinzento (adjetivo)

O que faz o elefante? – Dança (verbo)

Para trabalhar com estas fichas é necessário **imprimi-las, recortá-las e plastificá-las** (para que durem mais tempo).

O **apoio de cores** e os **pictogramas** ajuda a criança a reconhecer as respostas e a compreender a frase e as perguntas.

Este conjunto de fichas inclui:

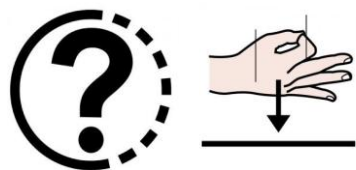

- **98 substantivos** (comuns e próprios)
- **48 verbos**
- **48 adjetivos**
- **etiquetas para os identificar**
- **cartões com partículas interrogativas**
- **artigos**
- **cartões com os símbolos Montessori**

PARTÍCULAS INTERROGATIVAS PARA IDENTIFICAR:

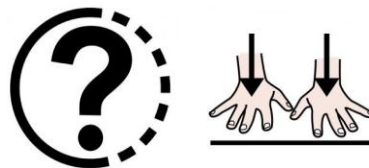

SUBSTANTIVO, VERBO E ADJETIVO.

RECORTAR E CRIAR FICHAS PARA TRABALHAR LIGANDO POR CORES:

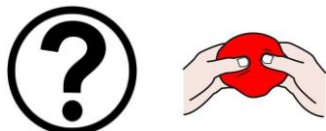

- **ADJETIVO:** azul
- **VERBO:** vermelho
- **SUBSTANTIVO:** preto
