# MANIPULATIU

(TEACCH)

Ací teniu el material TEACCH anomenat “Abecedari manipulatiu”, basat en el material original de Yolanda del Amor Fernández. Este abecedari inclou les 26 lletres simples de l’abecedari en valencià. En el cas de la “Y”, vos he posat com a exemples “Nova York” que es recull en la gramàtica normativa de l’Acadèmia Valenciana de la Llengua i “aquagym” que podeu trobar-la al diccionari normatiu valencià de la mateixa institució. És cert que no comença per “y” però la conté, i és prou fàcil per a ser entesa per les xiquetes i xiquets.

També podeu trobar el dígraf “ny”, per si voleu presentar la “y” a partir d’este dígraf.

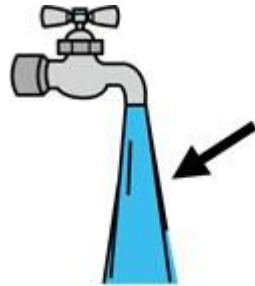

I, al final de tot el document, també podeu trobar alguna lletra composta, com la ele geminada, i la lletra modificada “ç”. Tot i no formar part de l’abecedari, les he inclòs ja que de vegades, s’utilitzen a l’escriure paraules o frases en la lectoescriptura, fins i tot en Educació Infantil.

Jo només he introduït les majúscules perquè tinc xiquetes i xiquets de 3 anys però podeu afegir les minúscules segons les vostres necessitats i alumnat.
