

El cuerpo humano por dentro.

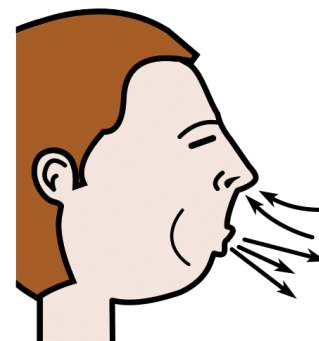

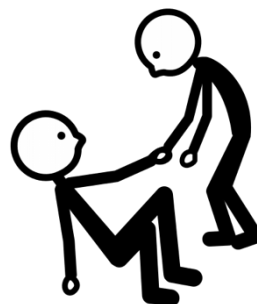

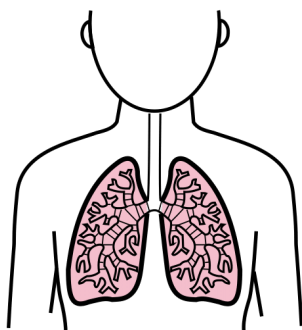

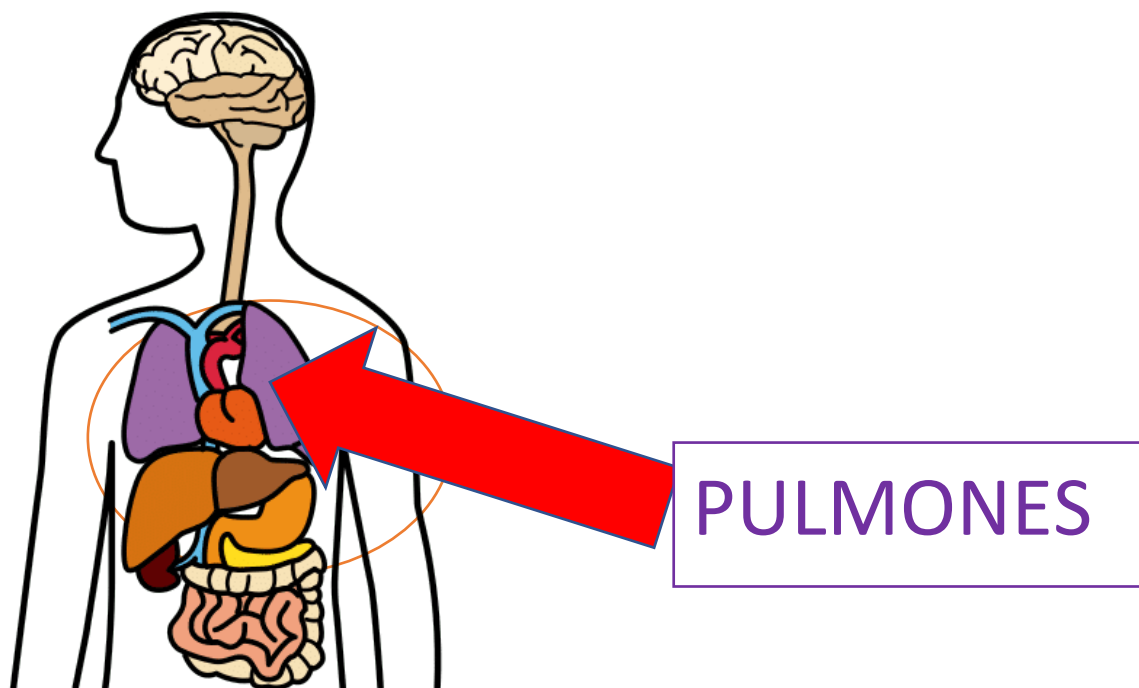

Con el **cerebro** pensamos, imaginamos, recordamos.

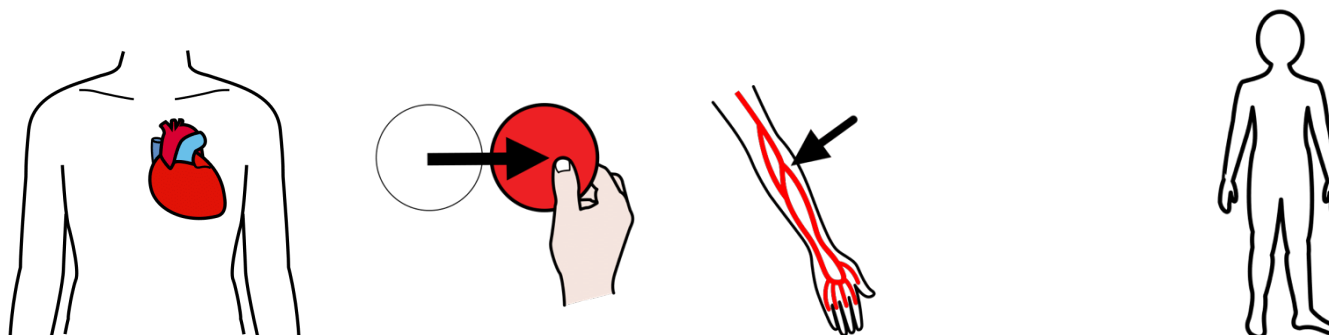

CEREBRO

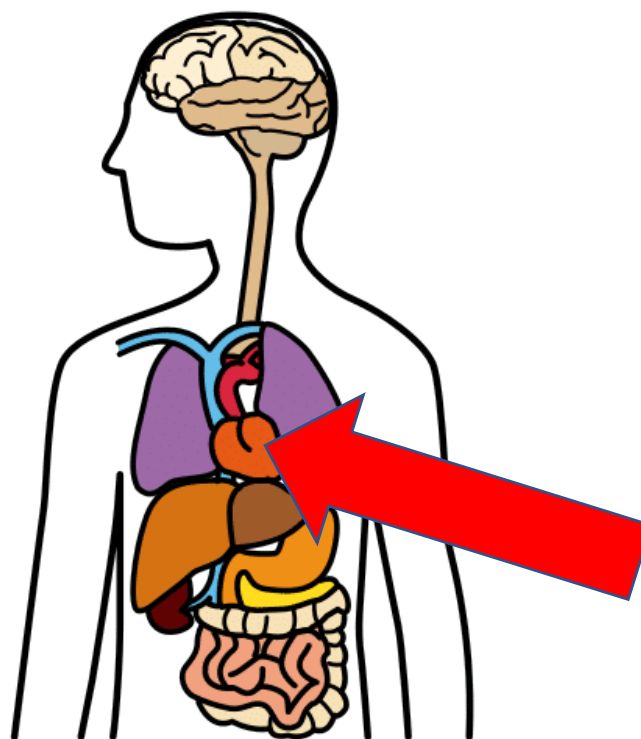

LOS **PULMONES** NOS AYUDAN A RESPIRAR.

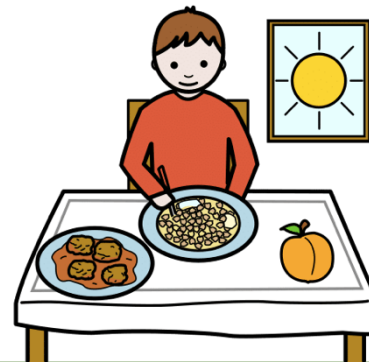

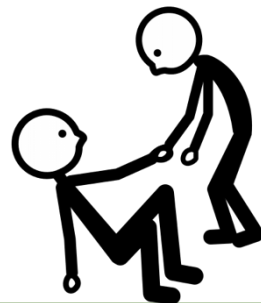

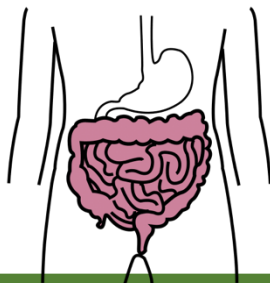

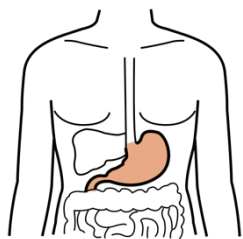

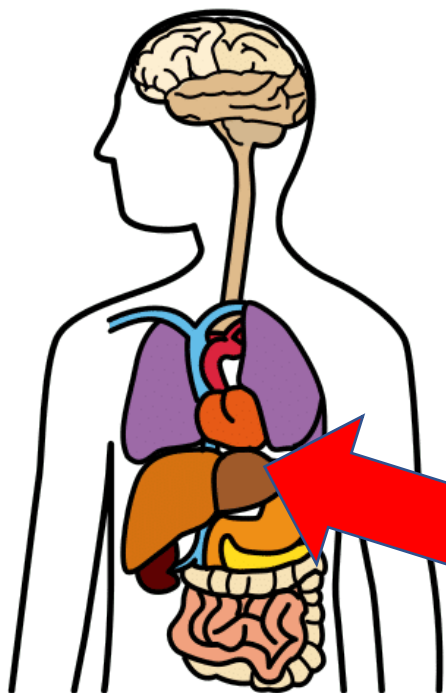

EL **CORAZÓN** MUEVE LA SANGRE POR EL CUERPO.

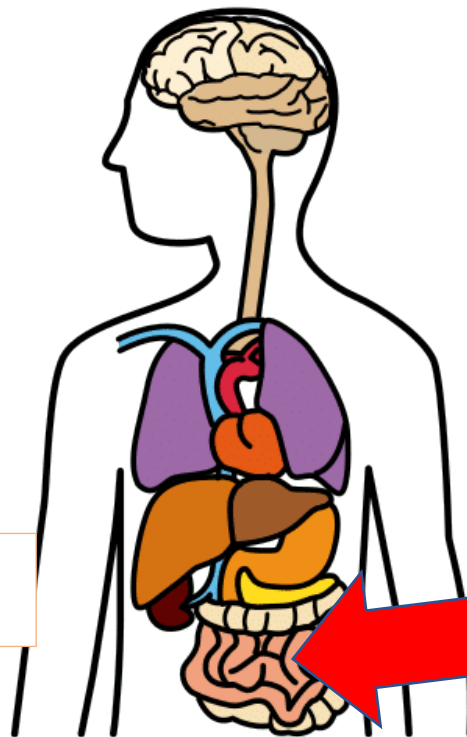

CORAZÓN

El estómago y los intestinos ayudan a la alimentación.

ESTÓMAGO

INTESTINOS

Coloca los diferentes órganos: corazón, intestinos, estómago, pulmones, cerebro.
