Препораки:

1. Оваа тетратка е создадена за да работи со приказни за броеви и во исто време со TEACCH материјал кој ќе го имаме наскоро.
2. Броевите на страниците кои треба да се направат со пластелин се препорачуваат да бидат ламинирани, како и оние кои се потребни.
3. Два вида на ревизија се создадени за броевите, така што лицето кое ќе работи со детето го избира она што му се допаѓа најмногу или дури и двете.
4. Боите кои се користат за боење на броевите се во хармонија со regletas of Cuisenaire.

**Се надеваме дека овој образовен
материјал ќе им се допадне на сите и
дека ќе им овозможи на децата да
влезат во светот на броевите и
математиката на забавен и
дидактички начин.**
