GRAMMATICA E CAA una proposta di lavoro:

- Questo materiale è la sintesi di un percorso svolto in una classe quinta primaria in cui, per rendere accessibili i materiali a tutti e offrire una proposta di lavoro adeguata a tutti e tutte, abbiamo tradotto in simboli tutti i materiali di lavoro.
- Il materiale può essere utilizzato per associare le frasi alle immagini, inserirle nei grafici e costruire liberamente le frasi con i pittogrammi divisi in categorie.
- Il colore rosso identifica il verbo, il blu i soggetti, il celeste i complementi. Il cerchio di colore giallo rappresenta le preposizioni semplici o articolate.
- Le illustrazioni, che hanno lo scopo di operare sugli abbinamenti frase-immagine globale, sono state realizzate con la AI di Canva.
- Le frasi in simboli e le tabelle sono state realizzate con SimCAA (<https://caa.simcaa.org/>) e con la piattaforma ARASAAC.
- I simboli pittografici utilizzati sono di proprietà del governo di Aragona e sono stati creati da Sergio Palao per ARASAAC (<http://www.arasaac.org>), che li distribuisce sotto Licenza Creative Commons BY-NC-SA.
